And you've probably already seen:

- Hopi Tribal Hair Honanie's 3/9/17 testimony which reads in part "This need [for HAMP funding- is urgent in light of EPA planning to bring an enforcement action against the Tribe and/or village(s) out of compliance, potentially this year. (page 8)  
[https://naturalresources.house.gov/uploadedfiles/testimony\\_honanie.pdf](https://naturalresources.house.gov/uploadedfiles/testimony_honanie.pdf)
- Hopi Resolution w/re to Funding HAPM " The Hopi Tribal Council, by unanimous vote, approved Resolution H-xx2017 to allocate funding in the amount of \$1,000,000.00 for infrastructure and to obtain electricity from the Navajo Tribal Utility Authority (NTUA) as necessary for the Hopi Arsenic Mitigation Project (HAMP). \*8/1/17

Hello,

Attached are the letters we plan to send the villages. We were not planning to send the tribe a separate letter, nor cc them on these letters. Instead, we planned to forward the letters and orders to the tribe separately. We're trying to keep our work w/the tribe and villages separate. Also, we're trying to set up a call between Kathleen and the tribal chairman so that Kathleen can give him a heads up on the UAOs. Please let me know if you have any questions. Thanks.

Hi Roberto,

As you know, Susan is working on the email to the OECA AA regarding the UAOs. When you get a chance, would you mind sending us the letters you plan to send that will accompany the UAOs (one to the Hopi Tribe and the others to the Hopi Villages). Thanks

Jonathan
